Background

1. Section 49-32(c)(1) of the County Code states that an 'urban' road is a road segment in or abutting a Metro Station Policy Area, Town Center Policy Area, or other urban area expressly identified in a Council resolution.
2. Section 49-19 of the Code states that the Executive must require that any affected utility line be installed underground if he finds that underground installation is desirable after considering several factors, one of which is whether the line is in a Metro Station Policy Area, Town Center Policy Area, or other area expressly identified for this purpose in a Council resolution (Section 49-19(j)).
3. On September 28, 2007 the Planning Board transmitted its recommendation that seven other areas be identified as urban areas.
